

## *Sponsor Commitment Form*

*For Government Agencies*

\_\_\_\_\_ The agency below commits to being an official sponsor of *National Pesticide Safety Education Month*. I understand that sponsorship by a government agency does not require a cash or non-cash contribution, but indicates that the agency recognizes the importance of public-sector education of pesticide users by land-grant university Pesticide Safety Education Programs (PSEP). I also understand that the agency's logo or other identifier will be posted on the National Pesticide Safety Education Month homepage.
